TERMS & CONDITIONS

Please Read these over and agree with our T&C's before booking your child's birthday at Tricky Wicket, Thank you.

Terms & Conditions for Kids Birthday Parties:

- We try our best to accommodate you to have your own net during the birthday booking, but note that all of our nets are shared at Tricky and there is a possibility that we will need to put another group through the nets during your party (usually when kids are having meals. This is unlikely, as we try our best to ensure you are designated to one net during your time.
- Only up to 8 players at a time can go through the net. Each person gets two overs/12 balls total. Then, if there are more kids, the next group can go through once they are finished. We recommend you form your own groups prior to starting cricket to ensure any issues.
- Any size group will be designated to only one net during their booking.
- There is no party host. We are a restaurant and cricket is an extra experience to enjoy during your booking.
- We are not a play centre. Kids are to remain at their designated table/area at all times.
- Adults are responsible for the children's safety and behaviour during the party.
- Noise level is to be kept to a respectable standard for other guests dining in the venue.
- Kids are not to run around at any time.
- Kids may not enter other parts of the venue where there is no adult with them.
- Respect for the property of nets, bats, balls, and screens is to be practised at all times.
- No outside food or drink is to be brought in; cake is the only exception to this.
- Minimal decorations are allowed, no confetti.

We want this to be a great time for kids, adults, and staff. So please adhere to T&C's and we will ensure everyone enjoys themselves.
